

★ AI-POWERED · NUTRITION-FOCUSED · PERSONALIZED

Me-AI

*"What should I cook today?"
answered intelligently.*

Combines ingredients in your pantry, nutrition goals and personal preferences to deliver actionable, nutrient-visible and personalized meal recommendations.

- Find recipes you can cook with ingredients at home
- View calorie, protein, carb and fat values at a glance
- Get recommendations tailored to your diet goals and allergies
- Auto-build shopping lists from missing and low-stock ingredients
- Track daily intake and manage nutrition more mindfully
